EXPERIENCE

**IT Support & Graphics Designer |
Camarines Norte Provincial Cyber Response Team**

February 2024 – May 2024

Worked as an intern for 4 months. Key contributions include:

- Provided IT support, assisting in troubleshooting hardware and software issues to ensure the smooth operation of daily office activities.
- Developed visual content for promotional materials, such as flyers, posters, informational graphics, and implemented a structured file system for record management.

Web Developer

2023 - 2024

Worked as a full-stack developer on a resort's web-based reservation management system for a capstone project.

Key contributions include:

- Ensured cross-browser compatibility and responsive design, improving the overall user experience across devices and browsers.
- Implemented user authentication on the back-end, managing secure login, registration, and session management, allowing both customers and admins to access personalized features.
- Led the front-end development of a comprehensive content management system update, enhancing usability and streamlining backend processes for improved efficiency.
